

# Connecting You and Yours to Outstanding Residential Care

At LAJHealth, our award-winning care meets seniors where they are in life. We offer a full spectrum of senior services tailored to meet the individual needs of a diverse population – always with a focus on mind, body, and spirit.

When the time comes for long-term residential care, we are pleased to offer several options. We work closely with you, ensuring all your health care needs are met, and that you remain independent and active for as long as possible. Then, as your care needs increase, we are there each step of the way.

## Residential Choices Include:

**INDEPENDENT LIVING:** This level of care is designed for active, independent seniors choosing to live in a Continuing Care Retirement Community. Residents have access to assisted living services and activities of daily living such as medication management, assistance with dressing, bathing, walking, etc., as well as priority status when it's time to receive a higher level of care in one of LAJHealth's skilled nursing facilities.

Our independent living campuses are:

- Fountainview at Eisenberg Village, Reseda, CA  
108 independent living units with the option of assisted living services
- Fountainview at Gonda Westside, Playa Vista, CA  
175 independent living apartments and 24 studio units for assisted living/memory care

**RESIDENTIAL CARE:** This is next-level care for those over 65 who remain independent, mobile, and mentally active but who may require a nursing level of care at least some of the time. Residential care at LAJHealth includes fitness and recreational activities, delicious kosher meals, medication management, chaplaincy, and a variety of educational programs.

Our residential care campus is:

- Eisenberg Village, Reseda, CA

**SKILLED NURSING:** Among our most valued levels of care is our award-winning long-term skilled nursing. This plays a critical role in stabilizing and improving seniors' health and enhancing their quality of life and sense of well-being.

Our skilled nursing campuses are:

- Joyce Eisenberg Keefer Medical Center, Grancell Village, Reseda, CA
- Mark Taper, Grancell Village, Reseda, CA
- Eisenberg Village, Reseda, CA

## Other Vital Services Include:

Once you are a member of LAJHealth family, as your health care needs may increase over time, we will be there to provide that additional support. As a non-profit, we work to keep costs as low as possible while consistently offering top-level care.

**ALZHEIMER'S DISEASE AND DEMENTIA CARE:** Among the most advanced programs in the country, providing exceptional skilled nursing care for those with Alzheimer's disease and age-related dementia.

**BRANDMAN CENTERS FOR SENIOR CARE** (*PACE, A Program of All-inclusive Care for the Elderly*): Adult day healthcare provided on campus includes: medical care; medications; physical, occupational, and speech therapy; transportation; and many interactive activities.

**CARE MANAGEMENT:** Coordination of care following a hospital discharge, helping to decrease the risk of hospital readmission.

**GERIATRIC PSYCHIATRY:** Short-term psychiatric care to those over age 60 experiencing stressful mental or emotional challenges requiring intensive, acute hospital psychiatric care. Average stay is 10-14 days including follow-up coordination with the patient's physician.

**PALLIATIVE MEDICINE:** Pain and symptom management for those with serious, chronic, and/or life-limiting illness.

**SKIRBALL HOSPICE:** Compassionate end-of-life care for adults with life-limiting illness. Services include pain management, medical equipment, and personal care provided by an integrated team of nurses, physicians, chaplains, social workers, and dietitians.

**SHORT-TERM CARE REHABILITATION:** This is transitional care designed to help a patient recover from an illness, injury, medical procedure, or acute hospital stay. Average stay is 2-6 weeks.
